## BIOGRAPHY

---

Raised in Terra Cotta, Ontario, Greg Fisher worked in London (U.K.) and Los Angeles before moving back to Toronto and co-founding FISH-FRY in 1999. A talented musician and former T.O. nightclub DJ, Greg has composed and produced music for a wide variety of TV shows and commercials.

As a former DJ and member of many live bands over a 15-year period, Derek Treffry brought a vast performance history to the table (in addition to degrees in economics and law) when he co-founded fish-fry. He has since composed themes and soundtracks for dozens of TV series and film projects.

FISH-FRY are well known for their long-standing association with designer, Sarah Richardson, having composed the music for "Design Inc.", "Sarah's House", "Sarah 101" and "Real Potential". Some of their other notable series include: "Border Security: Canada's Front Line" for National Geographic and "House of Bryan 3: In The Sticks" for HGTV. Recently, Greg and Derek put the finishing touches on season 3 of MegaSpeed for Discovery Channel and are currently scoring "Border Security: USA".
