He is pioneering the sonic landscape of video games, movies and artist projects by boldly combining various disciplines of art, music and cultural influences. Always having his finger on the pulse of current music trends and pushing the envelope in the approach to music creation is what has positioned him so prominently on so many AAA multimedia titles.

Having been exposed to various corners of the world for the majority of his life, this Polish/Canadian immigrant has become seasoned in many different genres of music. In 2018, OldMoney started working under the artist alias "Single Friend", which rose rapidly to being one of the most prominent Lofi HipHop music profiles in the world, garnering millions of plays per month and dominating the Lofi Genre on Spotify within weeks of its inception. He is the sole creator of the visual art, the music and branding for this project, and prolifically publishes a song every Friday.

He has worked on projects with musicians from all over the globe. Some of these include Skrillex, Future, The Roots, Run The Jewels, Redman, Eminem, ASAP Ferg, Snoop Dogg, Wiz Khalifa, Method Man, RZA, Amon Tobin, !llmind, Eekamouse, Pegboard Nerds, Fatherdude, Skyzoo, Joell Ortiz, Afrikan Boy, The Very Best, as well as many international superstars such as Far East Movement, Baby K, Tiger JK, Junoflo, Tasha Yoon Mirae, Dawid Kwiatkowski, Sylwia Przybysz, M.I.B, and countless others.
