Dave's soundtrack work for film has garnered him three Leo Award nominations to date. His notable scores for the short films '**Direct Lines**' (1995), '**Second Date**' (1999), '**The Dogwalker**' (2003), and '**The Flying Lion**' (2007) have led him to compose the original soundtrack for the feature film '**Old Stock**' in 2013. Directed by his brother James Genn, 'Old Stock' was produced in conjunction with the **Canadian Film Centre**, distributed by **E1 Entertainment** and received glowing critical reviews throughout its theatrical release and tour of the film festival circuit. Dave contributed score for the **National Geographic** documentary '**Yukonna**' in 1998, and more recently has written and produced three exclusive original songs for the **CAPCOM** video game title '**Dead Rising 3**', released Christmas 2013. He has acted in the capacity of **Musical Director** for award shows as well, most notably the **NHL Awards '07** and **Canadian Video Game Awards 2012**. Dave and co-composer Shawn Pierce recently won a Leo Award together for their work on the CBC series **WILDCARDS**.
